

## RAIN OUT'S IN BRACKET

If we are not able to finish the tournament we will play out the brackets based on the following formula. A complete game is ruled if the home team is ahead and winning in the bottom of the 4<sup>th</sup> inning. If game is not at that point it will not be considered a complete game and we will not use it for deciding a winner.

- 1) Runs allowed during bracket play
- 2) Runs scored in bracket play if rule #1 is a tie
- 3) Coin flip if #1, & #2 are both a tie.
