WELCOME TO TOYOTA OF LEWISVILLE RAILROAD PARK

Opened in October 2009, Toyota of Lewisville Railroad Park was designed in one phase and is the largest single capital project in the history of Lewisville. The sprawling park features eleven soccer fields, a dog park, a skate park, three lakes for irrigation, and a 1.5 mile perimeter walking/jogging trail designed to connect to the regional Trinity Trail.

The original Early Train Depot once stood one mile north of the park and its railroad track just west of the park now serves the Denton County Transportation Authority's A-Train. The theme of the park celebrates the deep history of the local rail service, which is emphasized in the direction that provided the design of the original Early Train Depot. Benches are placed near the main entrance and football fields to pay tribute to this heritage. The park continues to play a key role in the life of the surrounding community just as the Early Depot and rail service did years ago.

For additional information contact the Lewisville Parks and Leisure Services Department at 972-619-6880 or visit cityoflewisville.com
