Parking / Gate:

There is ample parking at the facility. A \$5.00 weekend entry fee will be charged per person when parking. Also, two coaches per team will be given a pass. Children 12 and under will not be charged. Parking goes towards the facility for upkeep.

Player Gear:

Players and coaches are required to provide team gear. The tournament is providing game balls but warm up balls and equipment must be provided by each team.

Any catcher working with a pitcher is required to have a mask/helmet.

Game Times / Schedule Flexibility:

The event is using Tourney Machine and the online schedule is posted. If changes are necessary, we will send text blasts, through tourney machine ONLY (sign up for notifications – see below). As with any outdoor tournament, the weather is a factor. Therefore, the schedule can be changed at any time and for any reason. We hope this doesn't happen. Again, make sure you keep up to date by signing up for notifications. Parents and spectators may also sign up.

Teams MUST be ready to play when the game before them concludes. The tournament will run ahead of schedule if possible.

Safety:

Runners should use safety bag when there's a play at first and avoid unnecessary contact.

Runners should slide at home plate and avoid unnecessary contact. If the umpire sees unnecessary contact at the plate, the runner may be called out. This is a judgement call and is not disputable.

Texting Scores:

Please assign one representative from each team to text the DIVISION, OPPONENTS, & SCORE to the following two cell numbers:

330-646-0208

330-540-8868

We try to post scores within 15 minutes of each games conclusion but need your help.

Text Alerts / Notifications / App:

At least one team representative **NEEDS** to receive text alerts because this is the only way we can notify people of changes, etc.

Parents and family are free to sign up as well.

You may elect to download the Tourney Machine app or simply navigate to ValleyExtreme.com via a web browser on your mobile device. Our experience is that when you use the app, you will get advertisements.

The image shows a mobile app interface titled "Follow Your Tournament". The form is divided into several sections: "Team and Notification Type" with dropdowns for "Select Your Team" and "Notifications For"; a checkbox for "Team Representative (Coach/Team Manager)"; a "Text Message" section with a "Mobile Number" field and a "Mobile Carrier" dropdown; and an "Email" section with a "your email address" field. A green "SIGN ME UP!" button is at the bottom. Red arrows numbered 1 through 5 point to the team selection, notification type, mobile number, mobile carrier, and sign-up button respectively. Yellow arrows labeled "1a" and "A" point to the team representative checkbox and the email field respectively.

Revert Back:

We recognize this can be aggravating but with the high cost of indoor venues, it's necessary to keep games on schedule so we can maximize complex usage.

To be fair and not to give unwarranted advantages to the visiting team, the score will be reverted back to the advantage of the home team. The only exception is if the home team is at bat at the drop-dead point and if the home team is in the lead or potentially ties before completing the inning. This rule is meant to protect the home team because they do not have the opportunity to get an equal number of offensive outs. Here are some examples:

Example 1: If the home team is losing going into the final inning but during the bottom of that inning, the home team takes the lead, then the partially completed inning DOES count.

Example 2: If the home team was in the lead before the final inning begins, then the visiting team takes the lead, then the home team begins their at-bat and re-takes the lead, then the partially completed inning DOES count.

Example 3: If the home team was in the lead before the final inning begins, then the visiting team takes the lead, then the home team begins their at-bat and ties the score, then the partially completed inning DOES NOT count. Score is reverted to point where the home team was winning.

Example 4: If the home team was losing in the previous inning and then ties the score in the partially completed inning, then the partially completed inning DOES count (tied game).

Example 5: If the visiting team is batting at drop dead point, the score is always reverted back to the previous inning.
