The Temperature Assessment must be completed and logged daily by your team Manager. Temperatures should be taken by the player/parent/coach prior to arrival each day. If the temperature is higher than 100.4 °F, stay home and contact your manager. Please scan and email a pdf version of this form back to mpauline@zoominternet.net after completion of the tournament, so we can have on hand for the health department. Should an outbreak occur (and only if an outbreak occurs), these forms will be sent to the health department.

USE ROWS 1-13 FOR PLAYERS. USE ROWS C1-C5 FOR COACHES.
