

Coaches and Parents,

We are excited to release the 2019-20 NWA League Schedule. Please note this year has a record number of teams. We have 118 teams playing on Thursdays and Saturdays. Each team will receive 16 games to be played over a 9 week period.

For most of your game days, you will play two games. The 4th grade division plays a combination of Thursday and/or Saturday. The 5th & 6th grade divisions play on Saturdays. However, in order to give every team 16 games and accommodate as many of the special needs and requests as possible, teams may have a periodic bye or only play one game during the week or possibly play three games in a week. This will be the exception and not the rule. Your team may have one or two weeks like this.

We appreciate every player, coach and family member and the commitment you make to be a part of this League. We look forward to what we think will be one of the most competitive seasons in the NWA League's 12 year history!

Best of luck and we'll see you on the court!
