General Game Play Rules

- All rules follow the Illinois High School Association rules except as noted in the tournament rules.
- No protests are allowed. All decisions of the umpire and/or Tournament Directors are final. Tournament director(s) reserve the right to modify rules in the best interest of the tournament and will rule on all matters not covered in these rules.
- Pool games have a “drop dead” time limit of 1 hour and 40 minutes. At the 1 hour and 40-minute mark the score will revert back to the previous completed full inning. Pool play games can end in a tie. A pool game is over when either the time limit or inning limit is reached. Pool game extra innings will not be played. **If time limit is reached in the bottom half of the inning with the home team leading, the game is over and WILL NOT revert back to the previous inning.**
- Bracket elimination games will be played until there is a winner, subject to a “no new inning” time limit of 1 hour and 40 minutes. Championship games will have a “No New Inning” time limit of 2 hours. If a bracket elimination game is tied at the end of regulation play (i.e. either the time limit or the inning limit being reached), extra innings will be played using the rules below.
 - Each ½ inning will start with 1 out and the player that made the last batted out on second base.
 - All hitters will start with a 1-1 count.

Determining Elimination Seeds:

The following criteria will be used to determine seeds:

1. Overall Record
2. Head to Head Record
3. Least Runs Allowed
4. Runs Scored
5. Coin Flip

Note: It should be noted that the head to head tie breaker is completely ignored if all of the teams tied do not play each other an equal number of times. For example if there are 3 teams tied and one team played the other two, but the other two did not play each other this tie breaker will be ignored (regardless of the outcome of the two games played by the first team)

- A minimum of eight (8) players are required to play a game.
- During pool play, a coin flip will determine the home team with the team that traveled the furthest calling the flip. During elimination games as well as championship game, the higher seed will be the home team. The home team is the official score keeper for the game. If the field has a scoreboard, the home team is responsible for providing adult operators. If the home team cannot or will not provide an adult operator, then the other team may become the home team and will provide an adult to operate the scoreboard.
- All teams will use a continuous batting order and will bat their entire roster. Players leaving the game early will not be called out when their turn in the order comes to bat. Once a player skips an at-bat for any reason, they are officially out of the game. Please note that after a batter receives his first pitch, if for any reason that batter cannot finish their at bat, the batter will be deemed out for that at bat. Then batter can then return to the lineup for a subsequent at bat in their place in the batting order.
- Once a player is removed as a pitcher, he cannot return as a pitcher for the remainder of the game.
- A team is allowed one visit to the mound per pitcher per inning. A second visit results in the removal of the pitcher.
- **Pitching limits:** are based on innings/consecutive outs as listed in the grid below. Please note that once a player enters a game and throws their first pitch, there is a 1 inning (3 out) minimum charged to that pitcher. This 1 inning (3 out)

minimum applies even if this pitcher records no outs, 1 out, or 2 outs in the game. If this pitcher pitches for 3 outs or more, they are charged with the actual number of outs they recorded in the game.

- If a pitcher goes longer in a game than the consecutive out limit, the pitcher shall be removed from the game as soon as the error is discovered. The pitcher may continue to bat, but is not allowed to play a field position for the remainder of the game. Additionally, the offending team will start their next offensive inning with one out and the game shall proceed without any additional penalty. *Please track both team's pitching rotation so as to avoid any issues with this rule. It is for the safety of the pitcher's arms.*
- If the same pitcher hits three batters in one game, that pitcher must be removed from that game as pitcher. The player may continue to play any other positions in the field and may pitch in subsequent games.
- A player must slide at home plate on a close play. In the judgment of the umpire, if a player did not slide or a player maliciously forces contact on the play, he will be called out and may be ejected from the game. If the tag attempt is "up the line", the runner is not expected to slide prematurely, however malicious contact is still prohibited.
- Any base runner going forward (to next base) must slide if the fielder is attempting to tag him at the base. Failure to do so will be called an out. Head first slides are not allowed at any time (Exception – Only going back to base where they started i.e. pick off attempts or run downs.) **Base runners who slide head first will be called out.**
- A courtesy runner may be used for who is pitching or catching for the next inning at any time.
- Squaring to bunt and then taking a full swing is prohibited. The penalty for a fake bunt followed by a full swing is an automatic out, the player is removed from the game and an out recorded every time that position comes up to bat.
- The mercy rules are as follows for all games:
 - 12 runs after 3 innings, or 2 ½ innings if the home team is ahead.
 - 10 runs after 4 innings, or 3 ½ innings if the home team is ahead.
 - 8 runs after 5 innings, or 4 ½ innings if the home team is ahead.
- Players arriving after first pitch must be added to the bottom of the order. A late arriving player can be added at any time during the game (as long as the 8 player minimum has been met to start the game).
- Intentionally walking a batter can be done by telling the umpire.
- If an umpire believes a team is purposely delaying the game, that team will be given a warning. A second offense will result in an automatic out in that team's next at-bat. A third offense may result in game forfeiture.
- If weather or darkness halts a game, it will be considered a complete game if four 4 innings (3 ½ innings if the home team is ahead) have been played. If continued poor weather becomes a problem, games could be considered complete even if these inning minimums are not met in order to continue with the tournament.
- If a game has been started and a weather delay occurs the "No New Inning" & "Drop Dead" timeline clock continues to run. If these time limits are reached the last full inning score will be the score of record.

Notes:

1. Hard Wall at 3rd Base -- A player can only advance to home on a batted ball or walk. If the runner is off the base, it is at their own risk. If the runner on 3rd advances to home and crosses home plate on a play this not the result of a batted ball or walk, the runner will automatically be called out. A runner cannot score on a passed ball. Teams can score on batted ball in play if there are over throws.
2. All bats must have either a BPF 1.15, BBCOR, or USA stamp. Any bat that does not have the stamp will be deemed illegal. Any batter that enters the batter's box with an illegal bat (i.e. does not comply with the Bat Rules) shall be called out immediately upon discovery (via appeal or umpire's call). The batter may also be called out after his / her time at bat is complete so long as the illegal bat is discovered prior to the first pitch of the following batter. In this case the defense has the option of taking the penalty (an out) or the result of the play. If the penalty is taken then all runners shall return to their original bases.
3. If a game is suspended, once the game is restarted the pitcher's innings from that game will be counted first against the game pitching limits as well as the day totals if they pitch again when the game is restarted.
