

## WHAT TO KNOW ABOUT OUR SUMMER EVENTS

Top Lacrosse Tournaments events will be held as schedule unless Local, State, or Federal law prohibits events and contact in the venue's host state.

### SPECTATORS

All families are strongly urged to only have 1 parent or guardian attend any Top Lacrosse Tournaments this summer with their child. In the case multiple children are playing at the same time it would be acceptable to have both parents and/or guardians attend.

Anyone who is over the age of 65 and has any underlying health conditions should not attend.

We ask that all spectators wear a mask and adhere to social distancing guidelines, stay 6 feet apart and frequently wash hands or use sanitizer.

If any player/parent/guardian is feeling sick, has a fever or is experiencing any FLU like symptoms they shall not be permitted to attend the event.

### PLAYERS

We ask that all players not in competition remain in their cars until it is necessary to warm up and prepare for an upcoming game.

Players are strongly urged to wear masks to and from their car and to the warm-up area.

NO HANDSHAKES of any kind permitted, and we ask that all players refrain from any unnecessary body contact.

All players must have their own personal water. We will not have general water stations.

### GENERAL HYGIENE

Top Lacrosse Tournaments and the host sites will provide hand sanitizing areas and/or hand washing stations.

All Trainers, Coaches, and Work staff will wear a mask when working with an injured athlete. When you are not within 6 feet of others it is safe to remove a mask at your discretion.

There will be restroom lines and limitations. A one in, one out policy could take place depending on the size of the bathroom at the venue.

### GAMEPLAY

All 2020 Top Lacrosse Tournament Summer events will be a 1 day format with no playoffs.

Game play may vary with each event. Please see event page for format of schedule.
