

MDLX Events will adhere to CDC, State, County and Venue Covid Guidelines. Expect the following basic operating policies and standards at each MDLX event until further notice:

- **All spectators must always wear a mask or face covering.**
- If there is a maximum person per gathering (like 50 or 250) we will adjust field access to stay within those limits. This may require parents to stay OFF the sidelines.
- Team benches and water coolers will not be provided.
- Players, coaches, referees, and event staff will wear masks when they are not on the playing field. They will not wear during warm ups or play.
- Spectators must always be socially distanced by keeping 6ft apart (while wearing masks).
- Spectators may be assigned to watch games in person in designated areas off or away from the field sidelines.
- We strongly encourage one parent/guardian is present per player. We also encourage carpools to keep crowds lower.
- Due to extreme heat, team tents are permitted for shade use for players and coaches. No mingling in other tents.
- All athletes, coaches and spectators must conduct daily symptom assessments (self-evaluation). Anyone experiencing symptoms must stay home.
- Hand sanitizer stations and or bathrooms with sinks will be available, but we encourage you to bring your own.
- Constant disinfecting and cleaning of restrooms will occur.
