

# CSS Fall Battle

## Rules & Guidelines for Players/Spectators

*We are guests of the LSF Complex and will respect these rules and guidelines to ensure teams are able to safely compete:*

1. Enter through main doors and exit through southwest quad doors (will be marked) to reduce traffic flow
2. Masks are always to be worn by all coaches and spectators. Players ***must always wear mask when entering and exiting and when not on the court participating.***
3. ***One parent/guardian/adult per player only.*** This includes if parent is a coach, thank you for helping us keep numbers down.
4. ***NO SIBLINGS ALLOWED.*** As stated above, Player gets only ONE parent/guardian/adult.
5. No bleacher seating will be allowed. You can bring in your own chair, please keep spacing between other spectators.
6. No waiting in building between games. To help to keep numbers small ***Parents are only in building during actual game. If coaches would like to discuss with team before and after games please find a safe space on one of the two middle courts.***
7. ***No free shooting at empty baskets.*** (Please help us enforce this, breaking of this rule could lead to team expulsion from event)  
Unfortunately, we will not be able to allow teams to have walk through practices between games as we once hoped we could offer.  
Coaches are more than welcome to talk with their teams before and after games on the middle courts. Remember, that masks must be worn by everybody during that time.
8. ***Coaches/club directors are responsible for their members.*** If problems occur and not corrected teams will be asked to leave and will be withdrawn from play.

**Thank you for helping us keep the kids playing by following these guidelines!**
