## 8U Machine Pitch Rules:

## Offense

1. A 10 -foot arc will be marked from home plate: all batted balls must pass this line to be "fair"; otherwise, it is called "foul."
2. No base on balls, 3 (three) strikes, no bunting. The batter is allowed a maximum of 7 (seven) pitches, but if the 7th pitch is a foul ball, dead ball or un-hittable as declared by the umpires, the batter will get another pitch.
3. When the ball is hit, the batter may advance (at own risk) a maximum as follows:

- Infield hit: 1 base - Beyond infielder, unlimited

A base runner may advance at own risk a maximum of one additional base per overthrow. "Overthrow" is defined as thrown past the base (a ball dropped near the base is not an overthrow). Only one "overthrow" allowed per batted ball.
4. Runners may advance at their own risk on a base hit; however, they must stop at their current base once an infielder has possession of the ball on the dirt infield. If the runner is not at least halfway to the next base when possession is obtained, the runner must return to the previous base.
5. A batted ball hitting the pitching machine is a dead-ball single, with the batter being awarded $1^{\mathrm{s}}$ base. Only base runners with runners behind them will advance. (i.e. runners at $1^{\text {st }}$ and $3^{r d}$, batter hits the machine, batter is awarded $1^{\text {stb}}$ base, runner from $1^{\text {st }}$ base moves to $2^{\text {nd }}$. The runner on $3^{\text {rab }}$ base would stay)
6. No base leadoff; runners must remain on the base until the ball is hit.
7. Stealing of third base will be allowed. No stealing of second base or home. A runner stealing third base cannot score on an overthrow. A runner attempting to steal third base can leave second base when the ball leaves the pitching machine.

## Defense

8. Defense will play ten players (four outfielders).
9. Defensive set up
a. Outfielders must start no closer than 10 feet from edge of outfield grass and may not be used to play a base. A fielded ball by the outfielder must be thrown, not run back to the infield. If a ground ball gets past the infielder, the outfielder can make a play on the ball. The outfielder can make a play on fly ball hit in front of them if the ball travels beyond the infielders. b . The girl playing the pitcher's position must wear a helmet. She must remain even or behind the pitching rubber until the ball is hit. She must not enter the pitching circle. When fielding a batted ball, the pitcher should throw to the base. She is not allowed to run and tag the base for the out. c. All infielders are required to wear a fielder's mask. NOTE: THE GIRL'S SAFETY COMES FIRST!
10. Infield fly rule is waived.
