

## Lou Gehrig - Iron Horse Baseball Roster and Pitching Chart

| Team Name: | Head Coach: |
|------------|-------------|
|            |             |

- 1. For each game, mark the number of innings each pitcher is responsible for.
- 2. No player may pitch more than 9 outs per game or exceed 36 outs per tournament.
- 3. Sheet must be completed and maintained throughout the tournament. Please make sure that this chart is available to Tournament Directors and opposing teams.
- 4. Each opposing manager must verify by signing at the end of the game.

| Name & Jersey Number      | Game<br>1 | Game<br>2 | Game<br>3 | Qtrs | Semi | Finals |
|---------------------------|-----------|-----------|-----------|------|------|--------|
| 1.                        |           |           |           |      |      |        |
| 2.                        |           |           |           |      |      |        |
| 3.                        |           |           |           |      |      |        |
| 4.                        |           |           |           |      |      |        |
| 5.                        |           |           |           |      |      |        |
| 6.                        |           |           |           |      |      |        |
| 7.                        |           |           |           |      |      |        |
| 8.                        |           |           |           |      |      |        |
| 9.                        |           |           |           |      |      |        |
| 10.                       |           |           |           |      |      |        |
| 11.                       |           |           |           |      |      |        |
| 12.                       |           |           |           |      |      |        |
| 13.                       |           |           |           |      |      |        |
