

Player/Coach Circumstances

Protocol

Fully Vaccinated

exposed & asymptomatic	Wear a mask for 10 days and consider testing 5 days after exposure or if symptoms begin
exposed with active symptoms	Quarantine for 5 days or until symptoms subside whichever is longer then wear a mask around others for an additional 5 days. Must be 24 hours fever free before ending quarantine
exposed & asymptomatic or symptoms subsiding with a positive test	Isolate for 5 days from date of exposure AND wear a mask when around others for an additional 5 days (must be 24 hours fever free)
exposed with active symptoms and positive test	Isolate until symptoms subside AND no fever for 24 hours. If 5 days or more (from exposure) have passed return to work and wear a mask for an additional 5 days
2nd hand exposure	No action is necessary though masks when around others might be advisable. Be aware of any symptoms and consider testing after 5 days

NOT Vaccinated

exposed & asymptomatic or symptoms subsiding	Quarantine for 5 days from date of exposure AND practice STRICT mask use for additional 5 days
exposed with active symptoms	Quarantine until symptoms subside or 5 days from exposure whichever is longer. After that time you can return to work and practice strict mask wearing for an additional 5 days.
exposed & asymptomatic or symptoms subsiding and positive test	Isolate for 5 days AND practice STRICT mask use for additional 5 days
exposed with symptoms and positive test	Isolate for 5 days or until symptoms subside AND no fever for 24 hours. You can return to work after that time and practice strict mask wearing for an additional 5 days .
2nd hand exposure	No action is necessary though masks when around others might be advisable. Be aware of any symptoms and consider testing after 5 days.

** Both Isolation and Quarantine refer to separating a person from other people to reduce further risk of exposure to others.

** Isolation refers to behavior after confirmed infection (positive test)

** Quarantine refers to time after exposure for someone not sick but exposed to a contagion
