

Dear Burnsville Invitational Teams:

*******All communication and updates will be on Tourney Machine*******

- Full concessions at Community, Sue Fischer, Lac Lavon, BHS and Alimagnet. **Please no coolers.**
- Medals for 1st, Medals for 2nd through 3rd place teams
- Batting cages at BHS, Pacer, Sue Fischer, and Alimagnet
- Dirt or portable mounds on every field for all age levels
- Tournament berths to MBT and Gopher
- There will be no dogs allowed at any of the ball fields.
- There will be no scooters, skateboards, etc allowed at any of the ball fields as well. This is for the safety of everyone trying to enjoy some good baseball.
- Each team to provide 2 game balls per game
- **Tourney Machine will be used for scores and pitch counts. Prior to the tournament, please enter your roster on Tourney Machine to help speed up the input of pitch counts.**

MBL/MBT rules will be in play. These rules, as well as, maps to our fields can be found on the MBT website ... www.mbl.bz. It will be the MBT State Qualifier Rules.

There is a team roster that must be completed and turned-in at check-in. As with most other tournaments, birth certificates and concussion certificates are required to be available for inspection upon demand.

Our field maintenance volunteers work very hard at getting the fields ready for play. Therefore, we respectfully ask that **no pre-game warm-ups take place on the infield.**

In the case of rain, please do not leave the facility until the site director gives direction. The umpire may delay the game, but the tournament staff, along with the Cities of Savage and Burnsville will determine whether there will still be play or whether we are canceling for all or part of the day. In the event of rain, whether a rain out or delay, we reserve the right to modify the tournament structure to complete as much play as possible. You can stay up to date via Tourney Machine for all weather updates.

We ask that coaches be flexible with requests to begin play early when possible. Site directors will request an early start when an opportunity is available. Teams

should be onsite a half hour in advance in the case the game can begin early. Being flexible in this will allow the tournament to flow easier for all and minimize delays.

VERY IMPORTANT: Pitching Restrictions – Once the umpire card is handed in, we will take that as final say.

We expect to post Sunday morning schedules on our website by 11:00 p.m. Saturday night. Please be patient as Tourney Machine does not handle tie breakers.

The schedule is available to be viewed on Tourney Machine.

Let's Play Ball!!!

Kelli Mitsch

Burnsville Tournament Director
