

Coaches, managers, and respective teams,

The Smithfield Soccer Club tournament staff would like to personally welcome as well as thank each respective team for partnering us this year in the 11th annual Kickin' It For Cancer Soccer Tournament. From day one our entire vision is to one day help find a cure for cancer. With awesome support from teams like yours we have donated over \$135,000 to the American Cancer Society and Relay For Life organizations. All proceeds from this tournament year after year after tournament expenses goes to the cause (excludes concession revenue).

Match cards are provided to each team in their team packet in which you can pick them up at the Head Quarter tent Saturday morning upon entering Nike Park. Winning team provides the match card to the referee and they will fill in the final score and sign it. If the match is tied both teams should turn in the match cards to the HQ tent. This needs to be done as soon as the match is over to ensure timely entries on the StatMat boards and the online Tourney Machine site.

Additionally, please have your rosters, player cards, and medical release forms available at the fields all weekend in case there are issues that need to be resolved quickly throughout the weekend.

Shawn Martin with Soccer Post VA will be onsite both days selling soccer gear including soccer balls, cleats, jerseys, cold weather gear, shin guards, and other cool stuff. Additionally, he will be selling tournament apparel with onsite printing capabilities with a portion of sales this weekend going towards American Cancer society & Relay For Life so please support our vendor.

Concessions will be selling items including Chick-Fil-A on Saturday, pizza on Sunday, hotdogs, hamburgers, chips, candy, cold and hot drinks. Additionally, coffee and specialty beverages will be available at the Aroma Coffee 757 food truck onsite (Saturday only). A small concession site will also be set-up adjacent to fields 1, 2, & 3 so please visit them as they will be set-up early each day. Cash, check, and VENMO will be accepted for the concession items.

Special shout out to our awesome volunteers as without your dedicated support year after year we can't pull this event off.
