

# The Lindsay Rose

To be handed out at the conclusion of each pool play game

Lindsay Rose was among many things an avid and talented softball player who tragically lost her life in a surfing accident in 2009.

Upon check-in, you will be handed two of our Lindsay Rose softball roses. These are for you to award to a player on the opposing team. Please keep her spirit in mind as you choose the recipient, as explained below in the words of her father Don:

“Joyful, yeah maybe the best, but loving full-of-dirt, layout dives. Reckless abandon, without hesitation. I remember Lindsay covered with dirt, mud, frosting, paint, flour, orange juice. whatever the medium of the day.

This award should go to the defensive player making the one ESPN highlight play, that embodies this spirit; preferably with both feet off the ground”.
