

Dear Managers and Coaches:

Thank you for joining us!

During this tournament, we will be asking you to present a Spirit Award after each game to a player on the opposing team. You will be given your first three Spirit Awards at check-in and can pick up the remaining Spirit Awards at the registration booth as the games progress.

The Spirit Award has great meaning to the league and the Foundation. We ask that the Manager give the Spirit Award to the player who shows great individual **spirit, effort,** or **sportsmanship**. This player may not have been the best player or even made a great play, but they gave something more to their team or the game. Please make an attempt not to give the award to a player who has already received a Spirit Award this year. In Amanda's memory, we want to honor those players who never give up, always try their best and who are genuine in their love of the game of softball and the life lessons learned by being part of a team.

Thank you for helping us *Do Good Things* in Amanda's name!!

Love and Hugs,

The McPherson Family
